Returns: All sales final. Columns are not re-stockable to reassure that all customers receive only new products.

Liability: Failure to follow installation instructions or use suitable materials voids any responsibility of Vintage Mouldings. Be certain the load is distributed over the entire bearing surface of the column post shaft. If building code requires, uplift projection may be required for some applications. Vintage Mouldings makes no claim that recommendations are suitable for all applications. A certified professional must verify that construction methods and these product are suitable for specific application. All claims of any kind shall be limited to the repair or replacement of goods sold.

I confirm that I have read and agree to the terms above:
